Digitized by the Internet Archive
in 2013

The EYE is seventeen times stronger than the EAR.

Research has proven that impressions received through the eye are seventeen times more effective than those received through the ear.

Your advertisement in the City Directory reaches the vision of your prospects all over the city 365 days in the year, because some one is using it every hour in the day.

Introduction

Hill Directory Co., Inc., publishers of the Goldsboro City Directory, present to subscribers and the general public this, the 1930 edition, of the Goldsboro Directory.

Confidence in the continued growth of Goldsboro's wealth, industry and population, and in the advancement of its municipal and social activities will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting the community to the world.

The enviable place occupied by Hill's directories in offices, stores, libraries and homes throughout the country has been established by rendering the best in directory service. With an unrivaled organization, having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Goldsboro Directory will fulfill its mission as a source of authentic information pertaining to the community.

FOUR MAJOR DEPARTMENTS

The several essential departments are arranged in the following order:

THE BUYERS' GUIDE, pages 21 to 44, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Goldsboro. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The city's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like Goldsboro, the necessity of having this kind of information immediately available is very great and, frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations is included in pages 45 to 312. A new feature of this section is the inclusion of the wife's name in parenthesis following that of the husband.

THE DIRECTORY OF HOUSEHOLDERS, including Street and Avenue Guide for Goldsboro, covers pages 313 to 368. In this section the

names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers.

THE CLASSIFIED BUSINESS DIRECTORY for Goldsboro is included in pages 369 to 416. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The directory is the common intermediary between buyer and seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

COMMUNITY PUBLICITY

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Goldsboro, for business men everywhere realize that the city directory represents a community as it really is.

THE GOLDSBORO DIRECTORY LIBRARY

Through the courtesy of the publishers of the Goldsboro City Directory a Directory Library is maintained in the offices of the Goldsboro Chamber of Commerce for free reference by the general public. This is one of nearly 500 directory libraries installed in the chief cities of the United States and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

City served by Atlantic Coast Line, Southern, Norfolk-Southern railroads.

Amusements—Largest theatre or auditorium seats 1,000 people. There are 2 theatres, with a total seating capacity of 1,500 people.

Hospitals—2, with 100 beds.

Education—Name of college, Georgia-Carolina College of Commerce. Number of schools, 9, including 2 high schools. Number of pupils in public schools, approximately 4,500. Total of all teachers is 125.

City statistics—Total street mileage, 50, with 20 miles paved. Capacity of water works (municipal), 1,000,000 gallons.

PREFACE

THE GATE CITY OF EASTERN NORTH CAROLINA

THE CITY TO-DAY

Goldsboro is the county seat of Wayne County, one of the leading manufacturing and agricultural counties of the State, being the home of thirty well-established manufacturing plants, their principal products being brick, veneer, lumber, building supplies, cotton yarn, hosiery, tobacco, locomotives, farm implements, furniture, mattresses, and several other commodities. The agricultural resources are unlimited and Wayne County produces annually an average of thirty thousand bales of cotton, fifteen million pounds of tobacco, tons of grain, hay and other food crops, to say nothing of live stock and poultry. Goldsboro is the center of the marketing of these commodities, which makes it a prosperous city and one well worth while locating in.

The population of Goldsboro in 1910 was 6,142. In 1920, according to government figures, this had been more than doubled, and to-day Goldsboro claims a citizenship of 17,500 happy and prosperous people. The city is the shopping center of upward of 100,000 residing within a radius of twenty miles.

Goldsboro, due to its surrounding territory and its geographical location and its unsurpassed facilities, is rapidly developing into a commercial center. Recently several large manufacturers have located distributing branches here. Twenty-six passenger trains run to and from the city daily, which is quite advantageous to the commercial traveler doing business in Eastern North Carolina. Golds-

boro is indeed and, in fact, the gateway of Eastern North Carolina, and as such has a mission to perform. A mission which concerns every man and a mission which means much to mankind in general, because here in this favored spot is found health, happiness and well-being.

Goldsboro dates back to the time of Sir Walter Raleigh, who, if he did nothing greater than exploit the section wherein is located the Gate City, is entitled for this one act to a full meed of praise. In the many years that have elapsed since then, Goldsboro has pursued the even tenor of its ways and its citizens have been content to enjoy and prosper under its advantages until it has secured a foundation on which to create and which will enable it to build like the wise man of old—upon a solid rock which will withstand the storms of panics, short crops and the greed of politicians. In the building of this city to date ideal citizenship has been kept constantly in mind, and the greater duration of the visit of the “stranger within its gates” the more surely there comes the charm of intercourse with a hospitable, democratic class of citizens whose ideals are worth of character instead of a measure of the bank account.

Here is the dividing line between the frigid climate of the North and the enervating climate of the tropics.

Here is found nine months of summer, with only three of a not unpleasant autumn or winter temperature.

Here one is within a daylight journey of New York, Philadelphia, Baltimore, Washington, Savannah, Atlanta and Jacksonville.

Here one is within a thirty-hour ride of the cities of Boston, Quebec, Montreal, Toronto, Buffalo, Cleveland, Cincinnati, Detroit, Chicago, St. Louis, Louisville, Memphis, New Orleans, Mobile and Palm Beach, and reaching the population of over seventy millions of people.

Here one is within a few hours' ride of the finest surf bathing on the Atlantic Coast, on the beaches of Wrightsville, Morehead City and Beaufort; and here one can live in the warmth of a genial sun and yet be in touch with the life of the nation.

Health conditions are ideal, the death rate averaging less than nine to a thousand. The city owns its splendid water system, furnishing at a minimum cost the purest of soft, uncontaminated drinking water. Goldsboro has twenty miles of hard-surfaced streets, twenty-eight miles of paved sidewalks, one of the most modern white way systems in the South, well-equipped parks and playgrounds, permanent health and sanitary officers with efficient staffs, a permanent community center, a nationally known organization of associated charities, and one of the best and most active Chambers of Commerce in the Southern States, a wide-awake Merchants' Association, an efficient traffic department, Rotary and Kiwanis Clubs, and all of the permanently recognized fraternal orders have local posts. Living conditions, from a health standpoint, are beyond criticism, and living conditions from a financial standpoint are within the means of all. Electric power, gas, telephone and water rates are equal to those of the average city. Being located in an agricultural district, country produce is plentiful and reasonable in price. All roads leading into Goldsboro are hard surfaced. Hotel facilities are ample. Board and room in private homes is available. Modern apartment houses have been provided.

In addition to being the Gateway of Eastern North Carolina, Goldsboro is the county seat of Wayne County, which ranks first in agriculture. Here is grown hay, alfalfa, cowpeas, cabbage, beets, beans, peas, celery, truck garden products, strawberries, dewberries, huckleberries, melons, peaches, plums, cherries, apples, pecans and numerous products of the soil. This is the land where can be grown three crops on the same soil during the year and a land which, by reason of its freedom from rocks and stones, is

easily and economically tilled. Here can be produced from one acre of land 1,500 pounds of tobacco or 1,500 pounds of cotton.

Thirty years ago Goldsboro was a village of very few inhabitants. The soil, always unusually fertile, had scarcely begun to yield the wealth that is now pouring out in such abundance. The production of tobacco, now a great industry, was then only being introduced in this section. The contrast between Goldsboro of that day and 1930 is amazing. Population has greatly increased. Manufacturing industries employing hundreds of people at a good scale of wages now occupy many acres that were then but the open field.

To-day Goldsboro is an ideal location for factories. The great number of diversified industries now here are in a flourishing condition and developing to a marked degree each succeeding year; and the combination of climate, contiguity to the live sections of population, transportation, health, economic hospitality and other favorable conditions are forces sure to produce a healthful, substantial, and steady growth in population and wealth, and assures the investor as well as the homeseeker a certainty of acting wisely in locating in its midst.

Goldsboro has three railroads—the Atlantic Coast Line, the Southern, and Norfolk Southern. These great systems are among the best in the United States and provide transportation facilities second to none. They lead to the seashore or to the North or South, to say nothing of the great Central West. The many agricultural products of Wayne County find an outlet through the county seat and the factories ship their products to every clime and every land.

Goldsboro is located on two national highways, namely, Highway No. 70, from the Atlantic Ocean on the east to the great cities of the Middle Western States; Highway No. 17 from Maine to Florida.

Wayne County boasts of good roads, which are of great importance to the farmer as well as the motorist, and add pleasure to the existence of any one who might be fortunate enough to be attracted to this section.

Goldsboro has one of the finest and best directed school systems of the State, where a thorough and exacting course of instruction assures a splendid education and a good college preparation. Eleven school buildings supply the demand, and they are constructed on the latest approved plan for educational institutions.

Goldsboro has a high moral and religious tone. There are thirty-five churches of various denominations whose congregations work in close harmony towards the advancement of the common weal and who gladly welcome all newcomers. Any one is welcome here, regardless of their religious belief, and is free to act in accordance with their convictions.

Goldsboro has a generous and well-constructed water and sewerage system. It was built with consideration of the future and is ample for the supply and sanitation of a city of many thousands of inhabitants. With an abundance of water, Goldsboro has a guarantee which attracts factories as well as individuals. The fire-fighting force, backed by modern appliances, is efficient and watchful.

It is recognized to-day that the great South, with her amazing number of unexploited resources and possibilities of development, her superior conditions for agricultural production, and her healthful and charming climate, affords at the present the best field of opportunity. The only debatable question is, which Southern State and what location in that State offers the best combination of the particular conditions you desire?

Wonderful is the South, and great beyond our dreams will be her future, but in all these Southern States there will be

none to compare in the magnitude of its growth with the pre-eminently well-favored State of North Carolina.

Goldsboro's latest development is its municipal airport. This landing field was established under the supervision of government engineers and is shown on all government air maps. Goldsboro's airport is being used daily by government and commercial aviators, and plans for giving Eastern North Carolina air mail service through Goldsboro's airport are now being considered by United States mail officials.

Write or wire the Goldsboro Chamber of Commerce for detailed information pertaining to the above.

City Directory

Don'ts

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping some one to find it.

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

DON'T look mad when a customer asks to look at your Directory.

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

DON'T forget that a Directory borrower to-day will forget to return it to-morrow and you will call him what?

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

Advertising Goldsboro

Do you know that a copy of this Directory of Goldsboro is being placed in the Directory libraries and among the commercial bodies, Business Men's Clubs, Chambers of Commerce and the larger business institutions throughout the United States?

No other medium on earth can convey so complete and comprehensive an index of the city, its various industries, its business, educational and religious institutions, its social life and its people.

No other medium can tell so fully of its wonderful growth, its opportunities and its possibilities for the future.

The publishers are doing everything possible to make this Directory a creditable representative of Goldsboro.

Are you doing your share?

GOLDSBORO HOUSEHOLDERS' DIRECTORY (1930) . 313

HILL'S

Goldsboro Directory of Householders

Occupants of Office Buildings and Business Places

INCLUDING A COMPLETE

Street and Avenue Guide 1930

Copyright, 1930, by Hill Directory Co., Inc.

The named streets are arranged in alphabetical order, followed by the numbered streets in numerical order.

Intersecting streets are shown at the actual numbers where they intersect on each of the streets.

House numbers are compiled in numerical order, both sides of street embracing odd and even numbers, included in one list representative of the entire street.

Following the street numbers are shown the names of the resident occupant or business concern. Places of business are indicated by the nature of the business being stated after the names.

(c) denotes colored.

Advertising Goldsboro

Do you know that a copy of this Directory of Goldsboro is being placed in the Directory libraries and among the commercial bodies, Business Men's Clubs, Chambers of Commerce and the larger business institutions throughout the United States?

No other medium on earth can convey so complete and comprehensive an index of the city, its various industries, its business, educational and religious institutions, its social life and its people.

No other medium can tell so fully of its wonderful growth, its opportunities and its possibilities for the future.

The publishers are doing everything possible to make this Directory a creditable representative of Goldsboro.

Are you doing your share?

City Directory

Don'ts

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping some one to find it.

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

DON'T look mad when a customer asks to look at your Directory.

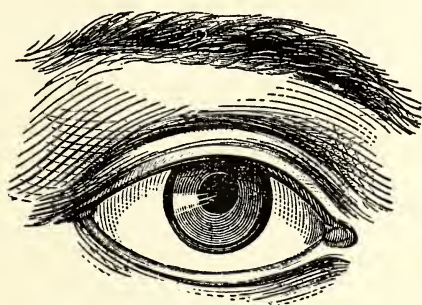

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

DON'T forget that a Directory borrower to-day will forget to return it to-morrow and you will call him what?

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

The EYE is seventeen times
stronger than the EAR.

Research has proven that im-
pressions received through the
eye are seventeen times more
effective than those received
through the ear.

Your advertisement in the City Directory reaches
the vision of your prospects all over the city 365 days
in the year, because some one is using it every hour
in the day.

Hill Directory Co., Inc.

PUBLISHERS

8 N. 6th St. (4th Floor)

RICHMOND, VA.

The City Directory

represents the City and its
institutions in every corner
of these United States

Are You Properly Represented in It?

The Classified portion
catalogues the professions
and goods handled here

ARE YOU LISTED UNDER YOUR PROPER
HEADING SO THE PROSPECTIVE
BUYER CAN FIND YOU?

"Think It Over"

This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

Association of North American Directory Publishers

524 Broadway

New York City

You An Advertiser

In this Directory profit by increased distribution which your advertisement and Classified References receive through the Directory Library Plan, which places this Directory throughout the country to direct those seeking information. In other words, it *nationalizes* a service which formerly was only local in its scope.
